

LABORATOIRE PUR VITAÉ
ma santé libérée

EXPORT PRODUCT CATALOG

FRENCH SCIENTIFIC AND INDUSTRIAL EXCELLENCE IN SERVICE OF HEALTH

Pur Vitaé Laboratory combines modern expertise with a promise of outstanding results for well-being. Founded in 2016 under the leadership of Loïc Thivin, it builds on over 30 years of family expertise in formulation, production, and quality control—an inheritance from Cevrai Laboratory. Scientific rigor, innovation, and industrial know-how form the cornerstones of its DNA.

A French excellence brand, **Pur Vitaé Laboratory** embodies a modern and responsible vision of health. Led by a family of passionate scientists, chemists, and engineers, the laboratory leverages cutting-edge expertise in formulation, combining scientific rigor with technological innovation to develop effective, safe, and body-friendly products.

Our approach is rooted in **naturality**, prioritizing naturally sourced ingredients carefully selected for their purity, scientifically proven efficacy, and synergistic benefits—all while considering their impact on users' health.

Safety and **trust** are at the heart of our approach.

All our products are designed, manufactured, and quality-controlled within Cevrai Laboratory, a facility renowned since 1991. Certified to ISO 22000, GMP (Good Manufacturing Practices), and Ecocert standards, our lab adheres to rigorous HACCP plans and stringent industrial quality controls.

When it comes to **formulation**, we select ingredients based on their sourcing and compliance with exacting specifications. Every plant, vitamin, mineral, additive, and flavoring is carefully evaluated by our R&D team to ensure suitability for target audiences and ease of consumption.

ARTHRO-MOBILITE

JOINT AND BONE HEALTH

ACTIVES

Turmeric (standardized to 95% curcuminoids): 100x more concentrated than traditional turmeric.

Organic Silicon: This trace element plays a key role in bone and collagen health.

MSM (Methylsulfonylmethane), a compound naturally found in blood plasma and in small amounts in certain foods.

Chondroitin, an essential component of cartilage: Supports elasticity and tendon structure.

Glucosamine, derived from crustacean shells, is a key part of hyaluronic acid.

With **Piperine** from black pepper extract and aqueous **nettle extract**.

Allergens: Fish and shellfish.

NUTRITIONAL INFORMATION FOR 20ML

Choline-stabilized orthosilicic acid	15,55g
including silicon	15,55mg
Nettle extract	0,80g
D-Glucosamine potassium sulfate	0,444g
MSM (Methylsulfonylmethane)	0,44g
Chondroitin sulfate	0,399g
Turmeric extract	187,9mg
including curcuminoids	178,5mg
including curcumin	139,6mg
Black pepper extract	1mg
including piperine	0,95mg

Flavoured

Orange

Dosage

20 ml / day

Duration

20 or 50 days

Volume

200ml or 500ml

Selling price

€21,50 / €46,00

Directions for use: Shake well before use. Take 20ml per day, either pure or diluted in a glass of water or fruit juice, preferably in the morning. Consume within 30 days after opening.

Ingredients: Stabilized choline-orthosilicic acid, titrated to 0.1% elemental silicon (origin France) (77.7%), Liquid date sugar (origin France), Stinging nettle leaf extract (*Urtica dioica* L.) (origin France) (4%), Chondroitin sulfate (Allergen: Fish and fish products) (origin outside EU), Glucosamine sulfate (Allergen: Crustaceans and crustacean-based products) (origin outside EU), Methylsulfonylmethane (origin outside EU), Turmeric rhizome extract (*Curcuma longa* L.) titrated to 95% curcuminoids (origin outside EU) (1.05%), Thickener: xanthan gum, Preservatives: potassium sorbate, sodium benzoate, Flavoring, Black pepper seed extract (*Piper nigrum* L.) titrated to 95% piperine (origin outside EU) (0.01%), Acidity regulator: citric acid.

Precautions for use: Food supplement based on organic silicon, turmeric, nettle, pepper, glucosamine, chondroitin, and MSM. For people weighing less than 70kg, take 10ml per day. Cannot replace a varied and balanced diet. Keep out of reach of children. Do not exceed the recommended daily dose. Before opening, store away from light in a temperate, clean, and dry place. After opening, store in the refrigerator and consume within 30 days. Not recommended for children under 12, pregnant or breastfeeding women. Use in people taking anticoagulants, anticancer drugs, or immunosuppressants is not recommended without medical advice.

MVM 360

IMMUNE SYSTEM STRENGTHENING

ACTIVES

Marine Magnesium: Contributes to reducing fatigue and supports muscle and nerve function.

Vitamin C: A powerful antioxidant, strengthens immune defenses and promotes collagen synthesis.

Zinc: Supports immunity, skin health, and plays a key role in vision and fertility.

Vitamin E: Protects cells from oxidative stress and maintains cellular membrane integrity.

B Vitamins (B1, B2, B6, B12, Pantothenic Acid): Help reduce fatigue, support energy metabolism, and cognitive function.

Ginseng: Root extract known for its adaptogenic properties, enhances stress resistance and vitality.

Vitamin D3: Essential for calcium absorption and bone health, also supports the immune system.

Chromium: Contributes to blood sugar regulation.

Selenium: Antioxidant, supports thyroid function.

Selling price

€18,90

Directions for use: Take 3 capsules per day with a large glass of water or juice at breakfast. 20-day course.

Ingredients: Organic Maca (*Lepidium meyenii* Walp) root powder (origin outside EU) (62%), Organic Guarana (*Paullinia cupana* Kunth) seed powder (including 4% caffeine) (origin outside EU) (14%), Organic Ginseng (*Panax CA Meyer*) root powder (origin outside EU) (14%), Organic Ginger (*Zingiber officinale* Roscoe) rhizome powder (origin outside EU) (10%), Vegetable HPMC capsule shell.

Precautions for use: Food supplement based on Maca, Guarana, Ginseng, and Ginger. Cannot replace a varied and balanced diet. Keep out of reach of children. Do not exceed the recommended daily dose. Store away from light in a temperate, clean, and dry place. Not intended for children under 12, pregnant or breastfeeding women. Contains caffeine. Use in people undergoing diabetes treatment is not recommended.

ACTIF-FOIE

SUPPORT & BOOST LIVER FUNCTION

ACTIVES

Produit fabriqué
en France

ID ComplAlim :
376734

NAC (N-Acetyl-L-Cysteine): A direct precursor to glutathione, it plays a key role in the body's natural detoxification processes and helps protect cells against oxidative stress.

Milk Thistle: An iconic detox plant, its extract standardized to over 80% silymarin makes it a powerful ally in supporting and protecting liver function.

Artichoke: Traditionally used to support digestion and liver drainage, its extract standardized in cynarin supports bile production and digestive comfort.

Glutathione: Known as the "master antioxidant," it helps neutralize free radicals and supports the body's natural detoxification mechanisms.

NUTRITIONAL INFORMATION FOR 3 CAPSULES

NAC	500 mg
Milk Thistle dry extract (Silybum marianum)	322.5 mg
of which silymarin (>80%)	266 mg
Artichoke dry extract (Cynara cardunculus)	300 mg
of which cynarin	15 mg
L-Glutathione (reduced)	50 mg

Dosage

3  / day

Duration

20 day

Volume

60 

Selling price

€19,50

Directions for use: Take 3 capsules per day with a large glass of water in the morning, with a meal. 20-day course.

Ingredients: N-Acetyl-L-Cysteine (NAC), Milk Thistle seed dry extract (Silybum marianum (L.) Gaertn.) standardized to 80% silymarin, Artichoke leaf aqueous dry extract (Cynara scolymus L.) standardized to 5% cynarin, Capsule shell: hydroxypropyl methylcellulose (HPMC), L-Glutathione (reduced), Anti-caking agent: magnesium stearate (vegetable origin).

Precautions for use: Food supplement based on Milk Thistle, Artichoke, L-Glutathione and NAC. Cannot replace a varied and balanced diet. Do not exceed the recommended daily dose. Not recommended in cases of biliary obstruction or other biliary function disorders. Not recommended in case of known cross-allergy, particularly to plants of the Asteraceae family. Not recommended for pregnant or breastfeeding women, or for those under 18 years of age. Keep out of reach of children. Store away from light, in a cool, clean and dry place.

MAGNÉSIUM BISGLYCINATE + VITAMINE B6

HIGHLY BIOAVAILABLE, HELPS REDUCE FATIGUE

ACTIVES

Produit fabriqué
en France

Magnesium Bisglycinate: An essential mineral at the core of nervous and muscular balance, magnesium bisglycinate is a highly bioavailable chelated form, known for its optimal absorption and digestive tolerance. A key ally against fatigue, it helps reduce feelings of weariness and supports normal nervous system function for daily balance.

Vitamin B6: A key vitamin in energy metabolism, vitamin B6 works synergistically with magnesium to enhance its absorption and strengthen its effects. It actively contributes to hormonal activity regulation, protein metabolism, and neurotransmitter formation, playing a central role in stress and energy management.

L-Taurine: An amino acid naturally present in the body, taurine acts as a cellular stabilizer supporting muscular and nervous functions. It helps maintain electrolyte balance and protect cells from oxidative stress while promoting optimal recovery after exertion.

NUTRITIONAL INFORMATION FOR 4 CAPSULES

Magnesium	300 mg	80% NRV*
Taurine	160 mg	
Vitamin B6	2 mg	143% NRV*

Directions for use: Take 4 capsules per day with a large glass of water or juice at breakfast. 15-day course.

Ingredients: Corn maltodextrin, magnesium salt blend (magnesium bisglycinate, magnesium oxide), L-Taurine, vegetable magnesium stearate, Vitamin B6 (pyridoxine hydrochloride). Capsule shell: hydroxypropylmethylcellulose (HPMC).

Precautions for use: Food supplement based on magnesium, Vitamin B6, and taurine. Cannot replace a varied and balanced diet. Keep out of reach of children. Do not exceed the recommended daily dose. Store away from light, in a dry and temperate place. Not recommended for pregnant or breastfeeding women and children under 12. If undergoing medical treatment, consult a healthcare professional before use.

CALCIUM BISGLYCINATE + VITAMINS D3 & K2

DENTAL HEALTH, BONE STRENGTH & GROWTH

ACTIVES

Calcium Bisglycinate: An essential mineral for maintaining strong bones and healthy teeth, calcium bisglycinate is a highly bioavailable chelated form of calcium, recognized for its superior absorption and excellent digestive tolerance. As a key structural component of the skeleton, calcium also contributes to normal muscle function, blood clotting, and nerve transmission, making it an essential nutrient for maintaining optimal daily mineral balance.

Vitamin K2-MK7 (Menaquinone-7): A premium fat-soluble vitamin for bone metabolism, Vitamin K2-MK7 works synergistically with calcium and Vitamin D3 to help direct calcium toward bones and teeth rather than soft tissues. Thanks to its highly stable MK7 form and extended activity in the body, it supports the maintenance of normal bones while also contributing to cardiovascular health.

Vitamin D3 (Cholecalciferol): A key vitamin for calcium absorption and utilization, Vitamin D3 derived from lanolin promotes the normal absorption and use of calcium and phosphorus in the body. It contributes to the maintenance of normal bones, supports the normal function of the immune system, and helps maintain normal muscle function, playing a central role in overall calcium and phosphorus balance.

8 juin 2026

Liposomal Zinc Bisglycinate: An advanced form of zinc combining the superior bioavailability of the bisglycinate chelate with liposomal delivery technology, this highly absorbable mineral is designed for optimal assimilation and excellent digestive tolerance. Zinc contributes to the normal function of the immune system, helps protect cells from oxidative stress, supports normal skin, hair and nails, and plays an essential role in DNA synthesis, protein production and normal cell division.

Sophora japonica Extract (98% Quercetin): Derived from the flower buds of Sophora japonica, this highly concentrated extract provides 98% pure quercetin, a naturally occurring flavonoid renowned for its powerful antioxidant properties. Quercetin helps protect cells against oxidative stress and is widely appreciated for supporting the body's natural defense mechanisms. Its high purity ensures consistent quality and makes it a premium botanical ingredient for advanced nutritional formulations.

Copper Gluconate: An essential trace mineral, copper works in synergy with zinc to support numerous physiological functions. It contributes to the normal function of the immune system, helps protect cells from oxidative stress, supports normal connective tissue formation and energy metabolism, and contributes to the maintenance of normal pigmentation of the skin and hair. Copper also plays a key role in maintaining the body's natural antioxidant defenses.

ACTIVES

Glucosamine (from crustaceans): A natural component of cartilage, it supports joint mobility and comfort.

Chondroitin (from fish): A key element of connective tissues, it helps maintain joint flexibility and elasticity.

Harpagophytum (Devil's Claw): An African traditional plant known for its beneficial effects on joint comfort and mobility.

Meadowsweet: A plant rich in natural compounds, traditionally used to support joint and muscle well-being.

Horsetail: A natural source of silica, it helps strengthen connective tissues and supports bone and joint health.

Ginger: A warming root that aids digestion and supports the immune system.

Vitamin B12: Essential for energy metabolism, it helps reduce fatigue and supports normal nervous system function.

NUTRITIONAL INFORMATION FOR 4 CAPSULES

Glucosamine	1000 mg
Chondroitin	300 mg
Harpagophytum (Devil's Claw)	300 mg
Meadowsweet	180 mg
Horsetail	180 mg
Ginger Essential Oil	2 mg

Directions for use: Take 4 capsules per day with a large glass of water or juice at breakfast. 15-day course.

Ingredients: Glucosamine HCL (derived from crustacean chitin), chondroitin sulfate (derived from fish cartilage), Harpagophytum procumbens root powder (titrated at 1.5% harpagoside), Filipendula ulmaria (meadowsweet) aerial part powder, Equisetum arvense (field horsetail) aerial part powder, EssAngel Ginger: essential oil of Zingiber officinale (ginger) on a Cichorium intybus (chicory) inulin carrier, hydroxypropylmethylcellulose (capsule shell), vegetable magnesium stearate, cyanocobalamin (Vitamin B12).

Allergens: Crustaceans, fish.

Precautions for use: Food supplement based on glucosamine (derived from crustaceans), chondroitin (derived from fish), and harpagophytum. Allergens: Crustaceans, fish. Not a substitute for a varied and balanced diet. Keep out of reach of young children. Do not exceed the recommended daily dose. Store in a dry place, away from light and heat. Not recommended for pregnant or breastfeeding women, children under 12, people allergic to crustaceans or fish, and people on anticoagulant treatment. If undergoing medical treatment, consult a healthcare professional before use. In case of adverse effects, stop use and consult a doctor.

SPRAY SOMMEIL

SLEEP AND RELAXATION

ACTIVES

Lemon balm (*Melissa officinalis*): A soothing herb with relaxing properties, lemon balm helps calm the mind and ease nervous tension. Its gentle action promotes a serene state conducive to falling asleep.

Valerian (*Valeriana officinalis*): Known for its natural sedative effects, valerian supports muscle and nerve relaxation while reducing the time it takes to fall asleep. A valuable ally for deep, restorative sleep.

Melatonin: A key hormone in the sleep-wake cycle, melatonin regulates the body's internal clock and encourages quick, natural sleep onset. Ideal for restoring a healthy sleep rhythm and peaceful nights.

A perfect synergy: Lemon balm, valerian, and melatonin work together to soothe the body and mind, enhancing sleep quality—without dependency.

Directions for use: Shake well before use. Take 3 sprays in the mouth, i.e. 570µL, before going to bed.

Ingredients: Water, vegetable glycerin, Lemon balm leaf extract (*Melissa officinalis*), Valerian root extract (*Valeriana officinalis*), melatonin, natural blueberry flavor, preservatives: sodium sorbate, potassium benzoate.

Precautions for use: Cannot replace a varied and balanced diet. Keep out of reach of children. Do not exceed the recommended daily dose. Store away from light, in a temperate, clean and dry place. Not recommended for pregnant or breastfeeding women, children and adolescents, people suffering from inflammatory or autoimmune diseases, and people who need to carry out an activity requiring sustained alertness where drowsiness could pose a safety issue. It is recommended that people with epilepsy, asthma, mood, behavioral or personality disorders, or those undergoing drug treatment, consult their doctor.

ORGANIC PROPOLIS SPRAY

THROAT CONFORT

ACTIVES

Propolis: A precious resin collected by bees, propolis is traditionally recognized for its protective and purifying action. It contributes to throat comfort and supports the body's natural defenses.

Sage (*Salvia officinalis*): An aromatic plant with soothing properties, sage is traditionally used to soften the throat's mucous membranes. Its gentle action provides a sensation of freshness and well-being, particularly appreciated in cases of irritation.

Blackcurrant (*Ribes nigrum*): Rich in natural active compounds, blackcurrant is traditionally used for its soothing action on the respiratory tract. It contributes to the overall comfort of the ENT sphere and supports the body through seasonal changes.

Honey: An iconic natural ingredient for throat well-being, honey has been recognized for generations for its soothing properties. Its smooth texture coats and soothes the throat, providing an immediate sensation of comfort.

A perfect synergy: Propolis, sage, blackcurrant, and honey come together to offer a complete and natural action for throat comfort, soothing irritation and providing a lasting sensation of freshness, to restore daily well-being and peace of mind.

DETOX HEPATO BOOSTER

DRAINS, ELIMINATES, DETOXIFIES

ACTIVES

Artichoke (cynarin): Stimulates bile production and supports liver drainage for natural detoxification.

Sage: Helps protect the liver and promotes balanced digestion thanks to its active compounds.

Green tea (polyphenols): A powerful antioxidant, it fights oxidative stress and supports metabolism.

Dandelion: The ultimate detoxifying plant, it facilitates toxin elimination through the liver and kidneys.

Choline: Essential for fat metabolism, it contributes to optimal liver function.

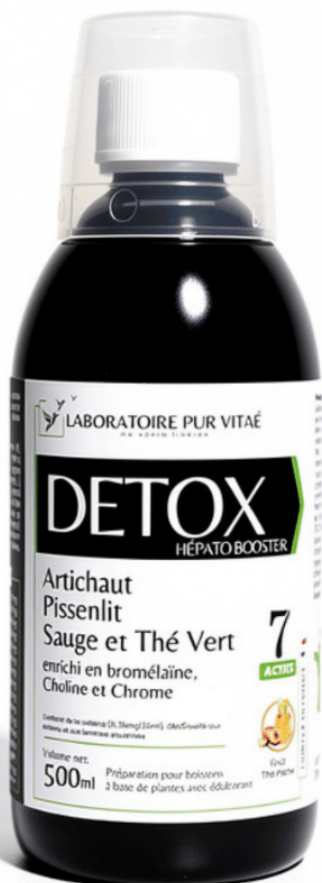

Bromelain: A digestive enzyme that helps break down proteins and reduces digestive discomfort.

Chromium: A trace element that helps regulate sugar and fat metabolism in the body.

- ✓ Low sugar content (< 1 g / 100 g)

Nutrition claims (EC Regulation No 1924/2006, Annex):

- ✓ High in vitamins A, D, E, C, B1, B2, B3 (niacin), B5 (pantothenic acid), B6, B9 (folic acid), B12 and biotin, and high in iron, zinc, copper, manganese, selenium, chromium, molybdenum and iodine (100% of NRVs per 38 g serving).
- ✓ Source of calcium, phosphorus and magnesium.
Authorised health claims (EU Regulation No 432/2012):
- ✓ Protein contributes to the growth and maintenance of muscle mass, and to the maintenance of normal bones.
- ✓ Calcium, phosphorus, magnesium, manganese, zinc and vitamin D contribute to the maintenance of normal bones; vitamin C contributes to normal collagen formation for the normal function of bones, cartilage, skin and gums.
- ✓ Calcium, magnesium and vitamin D contribute to normal muscle function.
- ✓ Vitamins B1, B2, B3, B5, B6, B12, C, biotin, calcium, magnesium, phosphorus, iron, copper, manganese and iodine contribute to normal energy metabolism; vitamins B2, B3, B5, B6, B9, B12, C, magnesium and iron contribute to the reduction of tiredness and fatigue.
- ✓ Vitamins A, B6, B9, B12, C, D, iron, zinc, copper and selenium contribute to the normal function of the immune system.
- ✓ Vitamins C, E, B2, zinc, copper, manganese and selenium contribute to the protection of cells from oxidative stress.

CHILDHOOD

MULTIVITAMINES & MINERALS

ENERGY, PHYSICAL & MENTAL WELL-BEING

ACTIVES

B-Complex Vitamins (B1, B2, B3, B5, B6, B8, B9, B12): Contributes to energy metabolism, helps reduce fatigue, and supports normal nervous system function.

Vitamin C: Powerful antioxidant, strengthens immune defenses, and promotes iron absorption.

Calcium (citrate): Essential for maintaining strong bones and normal muscle function.

Magnesium (citric acid salts): Helps reduce fatigue and supports muscle relaxation.

Vitamin D3: Promotes calcium absorption and contributes to bone health.

Iron (gluconate): Essential for red blood cell formation and oxygen transport in the body.

Omega-3 (fish oil): Supports cardiovascular health and brain function.

Zinc (gluconate): Strengthens the immune system and protects cells from oxidative stress.

Vitamin E: Antioxidant that protects cells and supports cardiovascular health.

Copper (gluconate): Contributes to normal immune system function and collagen formation.

Vitamin A: Antioxidant that supports vision, skin health, and the immune system.

Date syrup: Natural sweetener rich in minerals, providing gradual and sustained energy.

Sodium molybdate: Essential trace element for amino acid metabolism and detoxification.

Directions for use: For little ninjas (children), take 10ml per day. Preferably taken in the morning. To be consumed within 30 days after opening. 10-day course.

Ingredients: Purified water, date syrup, Vitamin C (L-ascorbic acid), Calcium citrate, Magnesium salts of citric acid, Vitamin E (DL-alpha-tocopheryl acetate), thickener: xanthan gum, Iron gluconate, Deodorized fish oil (Allergens: fish and fish derivatives), Vitamin B3 (Nicotinamide), Zinc gluconate, flavoring, preservatives: potassium sorbate and sodium benzoate, Vitamin B5 (Calcium D-pantothenate), Vitamin B6 (Pyridoxine hydrochloride), sweetener: sucralose, Vitamin B1 (Thiamine hydrochloride), Vitamin B2 (riboflavin), Vitamin D3 (Cholecalciferol), Vitamin B12 (cyanocobalamin), Copper gluconate, Vitamin A (retinyl palmitate), Vitamin B9 (pteroylmonoglutamic acid), Vitamin B8 (D-biotin), Sodium molybdate, acidity regulator: citric acid.

Precautions for use: Cannot replace a varied and balanced diet. Keep out of reach of children. Do not exceed the recommended daily dose. Store away from light, in a temperate, clean and dry place. Pregnant and breastfeeding women should seek advice from their healthcare professional before taking any supplementation. Vitamin and mineral supplementation for infants (0-1 year) and young children (1-3 years) requires medical supervision. Any additional intake without supervision from a healthcare professional may pose health risks for this population. Not recommended for children under 3 years of age, or for pregnant women or those planning to become pregnant.

CALCIUM

BONE GROWTH AND DEVELOPMENT

Produit fabriqué
en France

ACTIVES

Calcium citrate: Highly bioavailable mineral that supports bone and dental health, while also aiding muscle and nerve function.

Vitamin K2-MK7 (menaquinone-7): Key vitamin for cardiovascular and bone health, directing calcium to the bones and preventing its buildup in the arteries.

Vitamin D3 (cholecalciferol): Essential for calcium absorption, it strengthens bones, supports the immune system, and helps regulate mood.

Date sugar: Natural mineral-rich sweetener that provides a subtle sweetness without causing sharp blood sugar spikes.

12 mars 2024

ACTIVES

Zinc: Essential mineral for little warriors! Zinc plays a fundamental role in the proper functioning of the immune system, contributes to normal growth, and helps maintain healthy skin. It also supports cognitive functions and vision in developing children.

Vitamin C: A true natural shield, it strengthens your child's immune defenses, helps reduce fatigue, and promotes zinc absorption to maximize its effectiveness. It also contributes to collagen formation for healthy bones and skin.

Vitamin A: Essential for vision, particularly in low-light conditions, it also supports the proper functioning of the immune system and helps maintain healthy skin and mucous membranes.

Vitamin D3: The sunshine vitamin! It is essential for calcium absorption into bones for optimal bone growth, strengthens natural defenses, and contributes to the healthy development of children's muscular system.

Date Syrup: A natural sweetener rich in minerals and antioxidants, it brings a natural sweetness to the formula while providing a natural energy source for growing little ones.

NUTRITIONAL INFORMATION FOR 10ML

Vitamine C	40 mg	50%*

Directions for use: For little ninjas (children), take 10ml per day. Preferably taken in the morning. To be consumed within 30 days after opening. 10-day course.

Ingredients: Purified water, date syrup, vitamin C (L-ascorbic acid)(non-EU origin), flavoring, zinc sulfate (non-EU origin), thickener: xanthan gum, preservatives: potassium sorbate and sodium benzoate, vitamin A (retinyl acetate)(EU origin), vitamin D3 from lanolin (cholecalciferol)(EU origin), acidity regulator: citric acid.

Precautions for use: Cannot replace a varied and balanced diet. Keep out of reach of children. Do not exceed the recommended daily dose. Store away from light, in a temperate, clean and dry place. Not recommended for pregnant women, women planning to become pregnant, or menopausal women. Vitamin and mineral supplementation for infants (0-1 year) and young children (1-3 years) requires medical supervision. Any additional intake without supervision from a healthcare professional may pose health risks for this population. Not recommended for children under 3 years of age.

IRON

RED BLOOD CELLS AND HEMOGLOBIN

ACTIVES

Iron (Iron Gluconate): An essential mineral for children's development, iron contributes to the formation of red blood cells and the transport of oxygen throughout the body. It supports cognitive functions, reduces fatigue, and participates in the proper functioning of the immune system in growing children.

Vitamin C: An indispensable ally of iron, it multiplies its intestinal absorption to maximize the effectiveness of the formula. It also strengthens immune defenses and helps reduce your child's daily fatigue.

Vitamin B2 (Riboflavin): It plays an essential role in energy metabolism, helping the body convert nutrients into usable energy. It also contributes to the maintenance of normal skin, mucous membranes, and vision.

Vitamin B9 (Folic Acid): A key vitamin for cell growth and blood formation, it participates in the proper development of the nervous system and supports the child's immune functions.

Vitamin B12 (Cyanocobalamin): It contributes to the normal formation of red blood cells, the proper functioning of the nervous system, and the reduction of fatigue. An essential active ingredient to support children's vitality and development.

Date Sugar: A mild natural sweetener rich in minerals, it provides a naturally sweet flavor appreciated by children while contributing to natural and lasting energy.
